

[Monroeville, PA October 2021] - RB Retail & Service Solutions is excited to announce the launch of its new cloud-based product, RB Cloud. RB Cloud provides the ability for pool & spa and chimney & hearth retailers to use their point of sale software anytime, anywhere.

“RB Cloud helps service providers and retailers run their businesses more efficiently, bringing a level of accessibility and ease of use to their operation that may not have existed previously,” says RB Retail & Service Solutions President, Rick Brunori. “Using RB Cloud will ultimately make business owners' lives easier and their businesses more successful.”

RB Cloud has the same features as the original version of the software and customers can expect the same high-quality customer service from RB Retail & Service Solutions. The cloud solution does, however, have several distinct advantages that will make operations easier for retailers including:

- Connect from anywhere in the world, at any time.
- No hardware upgrades are necessary.
- Fast installation and set up.
- Unlimited scalability so anyone on your team can use it.
- Lower IT operational costs.

RB Retail & Service Solutions provides point of sale and business management solutions for pool & spa and chimney & hearth retailers. The software was specifically designed with those industries in mind, taking into consideration the features that would be of most importance to those business owners. RB is a highly experienced and trusted authority in the industry and its software boosts profitability, competitiveness, work/life balance of owners and employees, efficiency, and the ability to make more informed, data-driven decisions about their business.

About RB Retail & Service Solutions

RB Retail & Service Solutions software was created 20 years ago by a pool and spa professional to handle the diversity and complexity of the pool and spa retail, service, and construction business. Our software is continually enhanced, and further developed with suggestions and input from hundreds of pool and spa dealers throughout the United States and Canada.
